

Warner Exteriors Roofing Health Guide

Your roof is your home's first line of defense against harsh Northeast weather – heavy snow, high winds, hail, and heatwaves.

Top 5 Signs Your Roof Needs Attention

1. Curling or missing shingles
2. Dark spots or moss/algae growth
3. Leaks during storms
4. Rising energy bills (poor insulation)
5. Granules in your gutters

CHECK IN ON YOUR HOME

Seasonal Roofing Checklist

- Spring – Inspect after winter snow, ice dams, gutter clogs
- Summer – Check for sun damage and ventilation issues
- Fall – Remove debris, check flashing before winter
- Winter – Monitor for ice dams and attic moisture

Choosing the Right Contractor

Ask these 3 questions:

1. Are you licensed and insured in NJ/PA?
2. Do you offer written estimates and warranties?
3. Can I see past local projects or customer reviews?

Warner Exteriors & Solar

Our Services

- Use our exclusive \$1000 off coupon

Who We Are

There's no way around it—taking care of your property is a full-time job. Fortunately, it's one that doesn't have to be done alone.

Since 2016, Warner Exteriors & Solar has been working alongside homeowners throughout New Jersey and Southeastern Pennsylvania, delivering high-quality exterior remodeling solutions for all types of properties.

Over the years, we've completed over 1,000 successful projects, earning an A+ rating with the Better Business Bureau, Lead Safe certification, and multiple manufacturer certifications—and we're just getting started.

Why Choose Us?

At Warner Exteriors, we take pride in offering premium products from the industry's most trusted brands. We are proud to be an Andersen-certified contractor and an Owens Corning Platinum Preferred Contractor—a reflection of our ongoing commitment to excellence! Our goal is to deliver lasting peace of mind—before, during, and long after your project is complete.
